## KING SENT TO THE GALLOWES

Convicted of Murdering Joseph Hindahl Will Be Hung Last Day of July

### WAS TAKEN TO THE FORT

The Execution Will Take Place at the R. N. W. M. P. Barracks There

"You will be taken from here to the guard room of the Royal North-West Mounted Police in Fort Saskatchewan, and confined there until July 31st, when you will be hanged by the neck until you are dead, and may the Lord have mercy on your soul."

In these words was William Oscar King sentenced to die for the murder of Joseph Hindahl on March 10th, 1907, by Mr. Justice Scott, in the Supreme Court last night. The jury were three hours and fifteen minutes in reaching a verdict, being shut up for deliberation at twenty-five minutes to five.

At ten minutes to eight the foreman of the jury announced that a verdict had been reached. The jury-men, were escorted to their places by the two Mounted Policemen who had slept, ate and walked with them since they were sworn in to decide the fate of the accused.

The prisoner had not yet appeared, but presently a clanking of chains in the hall heralded his arrival and he stepped into the room, guarded in front and in the rear, by two armed policemen. He, strange to say, showed few signs of the nervousness or the awful suspense one would expect of a man whose fate would be decided within a very few moments. Embarrassment only was noticeable.

Mr. Justice Scott stepped into the raised platform from his private chamber, preceded by the sheriff, and took his seat.

The clerk of the court then rose and called out the names of the jury and having finished that formal duty he said: "Gentlemen of the jury, have you found the accused guilty or not guilty?"

"Guilty, my lord," replied the foreman.

Then followed four or five minutes of silence; not a sound or an action on the part of anybody in the room breaking the stillness.

"It remained for the counsel for the defence to relieve the tension. Rising from his seat he addressed the judge:

"My lord, I hereby make application for the reserve of a state case."

"On what grounds?" asked Mr. Justice Scott.

"On grounds which I shall state later," was the reply of counsel.

"Send your case to me and I shall consider it. In the meantime I have to convict."

Death Sentence.

"William Oscar King," began his lordship, "have you anything to say as to why I should not pronounce sentence?"

The prisoner stood up.

"I'm not guilty," was all he said. "You have had a fair trial," continued his lordship, "and have been properly convicted."

Sentence was pronounced. King was the object of deep scrutiny as his lordship slowly condemned him to suffer the extreme penalty for his crime, but he never wavered in the slightest degree and one would be tempted to think that he was the make-believe prisoner in a mock trial rather than the principal in a genuine case.

Mr. Justice Scott then discharged the jury from further service, commending them for the verdict they had brought in, stating that it was in accordance with the evidence submitted.

The shackles and handcuffs were re-fastened about the ankles and wrists of the condemned man and he was escorted down the stairs for the last time and through two lines of gazing people to the mounted police carriage and driven off to the barracks.

He was taken to Fort Saskatchewan last night.

Close of the Trial.

The close-examination of the pri-

## FEELING TURNS AGAINST BOTHA

His Determination to Contest Pretoria Against Fitzpatrick the Cause

Johannesburg, June 11.—General Louis Botha's determination to fight Sir James Fitzpatrick in Pretoria at the forthcoming general elections has caused a great change of feeling in English papers which were decidedly pro-Botha a fortnight ago denounce the contest as a wanton display of racial animosity.

## MEN HIGHER UP ARE CONVICTED

Secretary of Sugar Trust and Foreman of Refinery Guilty of Conspiracy

### BOTH MEN OVER SIXTY

Heike Is Liable to Two Years' Imprisonment—Garbracht to Twelve Years

New York, June 11.—C. R. Heike, the chief of the Williamson refinery, and the secretary of the American Sugar Refining Company was convicted last night on one count of an indictment charging conspiracy to defraud the government of customs duties on sugar.

Ernest Garbracht, former superintendent of the Williamson refinery, was convicted on all six counts. For J. F. Biedermann, former cashier of the refinery, the jury stood five to seven for acquittal. He will be tried again.

This ends the government's second attempt to imprison the group of men responsible for the vast underground frauds to which the so-called trust has virtually confessed by the restitution of more than \$2,000,000 in duty.

Heike is the highest official of the company upon whom blame has been fixed. He faces a possible sentence of two years in the federal prison and a fine of \$10,000. He is 65 years old, broken in health and spirit. Convicted on all six counts Garbracht can be sentenced to twelve years in prison with a maximum fine of \$40,000. He is 64 years old.

AGREEMENT APPROVED

At an informal meeting of the city council and Mr. F. W. Peters, assistant second vice president of the C. P. R., the agreement between the city and the company in regard to the payments the former will make on the high-level bridge, was formally approved by Mr. Peters. The matter will be formally passed by the council at the regular meeting next Tuesday night.

## BABY FELL OUT OF WINDOW OF MOVING TRAIN--NOT HURT

Remarkable Accident on the Canadian Pacific Railway Just North of Calgary

A five-year-old boy who arrived at Strathcona on the C. P. R. train for Calgary yesterday afternoon, can always boast of having done a "stunt" which probably no one else of his age has ever done and come out alive. It was nothing less than falling out of the window of a moving train.

The little fellow was with his mother and was playing on the seat near the open window. His mother fell asleep and when she awakened up the child was missing. She gave an alarm and the train was stopped. It backed down the track for about half a mile and the boy was found lying at the side of the road bed. When picked up he had a bad cut on the forehead, but was not injured in any other way.

The accident happened a few miles north of Calgary when the train was going at a speed of about twenty miles an hour.

Sterling Silver Tableware. Ash Bros.

Come in and see our Panama Hats at \$5, \$5.50 and \$10. Kelly & Moore.

Edmonton, Ind., June 11.—John Hays, aged 26, living at Mount Vernon, Ill., tried to climb in the United States navy today, and was told that he lacked just one pound of the necessary weight. He went outside and drank a gallon of water. Then he returned and proved to the recruiting officer that he had brought himself up to the required weight. He was accepted. Hays felt no ill effect from the large quantity of water he drank.

## BODY FOUND IN A TRUNK

Submerged in an Italian Lake—Believed to Be an American Woman

### FROM SAN FRANCISCO

Mrs. Castle, the Dead Woman, Caused Sensation by Shooting in New York

Como, Italy, June 11.—The badly mutilated body which is believed to be that of Mrs. H. N. Castle, who was to marry Crittendon Scott of San Jose, Cal., was found in a trunk today, submerged in a lake near the village of Moltrasio. Wrapped about the body was a piece of cloth which bore the initials "G. L." and from letters in a trunk written in Egypt it appears that in 1906 the woman lived in 34th street, New York City.

It is said that the police believe the death of this woman is in some way connected with the mysterious finding last April of the body of Miss Estella Reid of New York on the beach at Naples, where it had been washed ashore from the bay. No reason for the suspicion is apparent. However, the cause of Miss Reid's death has never been explained.

## Spectacular Career

New York, June 11.—Mary Scott Castle was a woman with a spectacular career. She started New York on August 1st by shooting Vm. B. Greig, a New York lawyer, as he stood on "Peacock alley" at the Waldorf Astoria. But her revolver was small and the bullet was stopped by a fountain pen in Greig's pocket. He was uninjured. Mrs. Castle was subsequently released under \$3,000 bail furnished by her brother, Capt. Henry Scott, U. S. A. The case never came to trial and Mrs. Castle was discharged. After Greig appeared before the grand jury in September and declined to prosecute the woman.

Thereafter Mrs. Castle dropped from public view until despatches from the west told of the granting of a divorce to Castle in San Francisco over ten years ago. She was 37 years old and the daughter of H. H. Scott of San Francisco.

Mrs. Castle, who was a pretty woman, had a brief stage career in New York. This was after her marriage to Castle in San Francisco over ten years ago. She was 37 years old and the daughter of H. H. Scott of San Francisco.

## KILLED IN CAVE-IN

Lethbridge, June 11.—One man, J. Grubbs, a teamster, was killed and two men seriously injured, by a cave-in at a gravel pit at McCord yesterday. One of the men, J. Keene, is likely to die.

## SHACKLETON MAY GO WITH GOVERNOR

Great Explorer May Accompany Earl Grey on Trip to the Hudson Bay

Ottawa, June 11.—It is expected that Sir Ernest Shackleton, the famous Antarctic explorer, will accompany Earl Grey on his expedition through Hudson's Bay and Straits.

The Governor-General will leave for the north about the middle of August. There is a probability that Sir Ernest Shackleton will make his home in Canada and conduct exploration work for the government. A definite announcement as to Sir Ernest's intentions may be made public soon after his arrival in Ottawa.

## CAME UP WEIGHT

Evansville, Ind., June 11.—John Hays, aged 26, living at Mount Vernon, Ill., tried to climb in the United States navy today, and was told that he lacked just one pound of the necessary weight. He went outside and drank a gallon of water. Then he returned and proved to the recruiting officer that he had brought himself up to the required weight. He was accepted. Hays felt no ill effect from the large quantity of water he drank.

## CHANGES ON C. P. RAILWAY

The Operating Divisions West of Fort William Are to Be Reorganized

### BOOST FOR MOOSE JAW

Will Be Made Divisional Headquarters—Change in Effect First of July

## SEATTLE WAS FIRE SWEEPED

Large Area Was Destroyed—Loss Will Be Over a Million Dollars

### TWENTY ACRES ABLAZE

High Winds Carried Burning Brands to Other Districts—Rain Saved the City

Seattle, Wash., June 11.—Fire that broke out on the northern water front during a hurricane late last night, was carried by the wind to the eastward section, thickly covered with wooden buildings, and in a short time 20 acres were ablaze, causing a loss of \$1,000,000 and wounding 50 persons. The fire started at Railroad avenue and Battery street and destroyed all the buildings on six city blocks and picked out a wooden lot there and there in the surrounding district not entirely free sweep.

When the flames were at their highest, burning brands set fire to houses several blocks from the main fire. "Alarming reports of the loss of life were circulated, but so far as can be learned there were no fatalities.

Just as the fire had begun to despair of saving the large and populous area east of Second avenue, the wind suddenly abated and a brisk rain began to fall.

So far as known only three persons were seriously hurt, although many firemen were slightly injured. Sixty houses were burned in a stable on Railroad avenue.

The largest buildings burned were the Gallatin basin warehouses which covered an entire block. They were erected last year at a cost of \$2,000,000.

## HUDSON BAY CO. GOES HIGHER UP

Its Appeal Against Its Assessment Was Dismissed by Court of Revision

The appeal of the Hudson's Bay Company against the assessment of the company's property by the city was not allowed and was confirmed as it stood at a short session of the Court of Revision last night. At the last session the question came up as to the court's power in the matter of raising assessments on certain blocks of land and the city solicitor was asked to give his opinion. Last night he stated that the city's charter did not say whether or not the court had such an authority, but that a further investigation would be made.

It is not unlikely that the Hudson's Bay Company will carry their case to the city council.

The C.P.R. had no representatives present to contest their assessment, so it was confirmed without discussion.

## LABOR WILL BE SCARCE

Mr. Bruce Walker Says There Will Be a Shortage This Fall

Winnipeg, June 11.—That the supply of farm hands is actually in danger of meeting the demands is the firm conviction of J. Bruce Walker, chief immigration agent. Mr. Walker states that he could place 5,000 farm hands tomorrow and he fears when harvesting time comes there will be a scarcity of men which will cause grief to some farmers.

## STILL FIGHTING AGAINST NEW RULES

British Emigration Societies Wait on the Under Secretary for the Colonies

### BOOST FOR MOOSE JAW

Will Be Made Divisional Headquarters—Change in Effect First of July

Winnipeg, Man., June 11.—An entire reorganization of the western lines of the C.P.R. is now under way. The great increase in mileage of that portion of the system during the past ten years has made frequent changes necessary and this one is the most radical of all.

At the present time the western lines are operated in three grand divisions. The total mileage of the C. P. R. is 9,800 miles and of this 6,500 are included in the western lines operated from Winnipeg. In operating the central division extends from Ft. William to Broadview; the western from Broadview to Laggan, and the northern from Laggan to the Coast. The new distribution will be practically according to the provinces and the names of the grand divisions will probably be the Manitoba, Saskatchewan, Alberta and British Columbia divisions. Moose Jaw will be the new divisional headquarters as it has excellent facilities in the way of shops and yards and is centrally located.

Wm. Whyte, second vice-president, states that the final arrangements have not yet been made as to the personnel of the staffs of the reorganized divisions. The matter is in the hands of J. G. Bury, general manager, who is at present in the west. Mr. Bury's recommendations will probably not be made until his return in the course of the next two weeks. The change will go into effect on July 1st. The C.P.R. is preparing to continue the double-tracking of its line between Portage la Prairie and Brandon.

## H. E. FRASER WAS HURT IN RUNAWAY

Mr. H. E. Fraser, 580 Fraser avenue, was the victim of a painful accident yesterday evening. While driving in the vicinity of the Saskatchewan river bridge his horse took fright at a street car and ran away. Mr. Fraser was thrown from the vehicle and broke his shoulder. Dr. Folschee, who was there at the time the affair took place attended Mr. Fraser. He was later taken to the General Hospital. Mr. Fraser's wife was with her husband but she fortunately escaped injury.

## GOEBEL'S LIVERY STABLE ON BELLAMY STREET WITH THREE HORSES BURNED THIS MORNING

A boy smoking a cigarette was responsible for a dangerous blaze in the livery stable of Fred Goebel, 58 Bellamy street this morning when three horses were burned to death. The stable was totally destroyed.

The fire started at about a quarter past ten and gained headway at an alarming rate until the whole stable was consumed in flames. A strong wind was blowing and it was a remarkable thing that the buildings behind the stable did not catch.

All the fire stations in the city responded to the alarm, quickly arriving on the scene and it was a very few seconds before four streams were being played on the blaze from four different quarters. The firemen did very efficient work under the able direction of Chief Davidson and soon had the fire under control. It was extinguished in ten minutes to eleven.

The occupants of houses in the neighborhood had just cause to be alarmed for their safety and prepared themselves by hauling their household goods out on their respective lawns.

One excited individual threw a sewing machine out of a top story window, wrecking it considerably.

There were four horses in the stable at first, but as soon as the blaze started one of them was rescued, but it was worse than useless to try to save the others.

The loss is about \$4000 net insurance \$3000.

Beside the blaze on Bellamy street this morning there were three bush fires, one on Churchill street, one on Second street and the other on Tenth.

## NEW AGREEMENTS REGARDING TRADE

Government Has Reached an Understanding With Belgium, Holland and Italy

### FEW ARTICLES AFFECTED

For Some Things They Will Get Same Treatment as Was Accorded to France

Ottawa, Ont., June 11.—The formal announcement of trade agreements which have been entered into by Canada with Belgium, Holland and Italy was made yesterday. The following are the principal Canadian articles which will be admitted into Italy under conventional customs rates, which are much lower than the general tariff of that country: Timber and lumber, furniture, wood pulp, paper of various kinds, including newspapers, boots and shoes, tools and implements, iron and steel, sewing machines.

Italian goods to be admitted to this country under the Canadian intermediate tariff are: Macaroni and vermicelli, canned vegetables, lime juice and other fruit syrups, wines of certain qualities, cattle soap, women's and children's dressed goods of various kinds, when imported in grey or unfinished state for the purpose of being dyed or finished in Canada, velvets and velveteens, plush and silk fabrics, ribbons of all kinds, fine kid gloves.

Some surprise may be felt because such articles as wheat and fish will not receive the advantage of the Italian tariff. It is explained, however, that Italy has no conventional rate on these articles and that therefore there would be no object in including them.

The loss is about \$4000 net insurance \$3000.

Beside the blaze on Bellamy street this morning there were three bush fires, one on Churchill street, one on Second street and the other on Tenth.

## MR. MANN HAS FINE PLANS

But They Don't Fit in With Union Station and Terminal Railway

### BIG HOTEL NEAR STATION

First Vice President of C. N. R. Outlines the Company's Plans in Alberta

D. D. Mann, first vice-president of the Canadian Northern Railway, and one of the most prominent figures in Canadian railroad circles today, arrived in the city yesterday evening and after spending a few hours in an automobile trip around the city this morning, his special left for the east shortly after eleven o'clock.

A reporter from The Capital caught Mr. Mann for a few minutes just before his special pulled out.

"Is there anything in the story that you will take over the Alberta and Great Waterways railway?" asked the reporter, referring to the dispatches from the east that stated that the purpose of Mr. Mann's trip to the West was to look into the A. and G. W. line.

"No," was the emphatic denial of the C.N.R. magnate. And then Mr. Mann proceeded to tell just why his company would not consider taking over the A. and G. W.

"We wouldn't take the line if it was given to us," said he. "And this is why. Our lines in the West are paying a fair charge of \$50 a mile. And that is about all that the earning power will pay. That you see is the charges on \$13,000 at four per cent. Now on the other hand the A. and G. W. has to pay five per cent. on \$20,000 a mile, which amounts to a fixed charge of \$1,000 a mile. Now we couldn't pay that, but somebody has to. So you see, don't you, why we don't want the line at all?"

Mr. Mann then went on to state that the C.N.R. were going to have all the lines to the north that they would want for some little time to come.

"We are going to have our line to Athabasca Landing finished this year," said he, "and it is through a very rough country. Then also we are going to start work on the line to Peace River country, and I think that if we manage to get these lines pay for the first few years we will be doing well."

"We have so much construction work going on in the province now, that I don't think we want any more. We will have built 200 miles of road in Alberta this year before next winter, and that is quite a little bit of work, don't you think?"

When asked about the branch line from the G.T.P. to the Brazeau coal fields, Mr. Mann said that they were not going to build any branch from the G.T.P., and that as their main line would not be finished that far west this year, there was not much prospect of their getting coal out from that part of the country by next fall.

Edmonton Terminals.

The reporter then briefly outlined the project that is before the city now of having the railway lines all run to the north and have a union station near the centre of the city, and a terminal freight handling company.

"Why," said Mr. Mann, "I don't think that we need anything like that. We can handle our own freight here for all time to come, and as for a station just come here and see what a grand piece of property we have for that."

Mr. Mann then led the reporter around to the back of the station, and explained his plans for the future.

This is an ideal situation for a large hotel and station combined," said he. "If Edmonton gets large enough to support such a thing, our idea is to have a hotel and station here such as the C.P.R. has in Winnipeg, the Royal Alexandra, you know. We'd have a subway here," pointing out to the road, "and then the buildings would hide all the tracks and the yards. Then also it would be very centrally located as far as the city was concerned."

"Yes," continued Mr. Mann, with a

## AVERAGES FOR THE HOME GAMES

In 21 Games There Are Eleven Men Who Have Batted Over .300—Mills is Leader

On this page will be found the official batting and fielding averages of the Edmonton baseball club for the home series. The figures are complete up to and including the first game with Moose Jaw.

Two nifty ones, in all, are included in the list and the batting figures are marvellous for any team. Of the nineteen men that have worn Eskimo suits during the twenty-one games, eleven have averages of .300 or better. Right here, we can lay our finger on the factor, to which is due the club's success. Any team that can bat like this, in any series, no matter how poor their fielding is, and at that, the Eskimos figures in the field are excellent.

Dretchko and Quigley who have each only played in four games, lead the list with .500 and .375 respectively.

Mills is the real leader. He has taken part in 21 games, been at bat 71 times, and made 27 hits for a percentage of .379. Morse, who has also played in every game, has made thirty hits out of 86 times at bat, which gives him .344 per cent. The others in the charmed circle are, Brennan, .344; Spencer, .333; Luss, .321; Cox, .321; White, .313; Schuetz, .307; Olsen, .300.

Pete Morse, with 22 runs, easily leads in that department, while Luss is second with 14.

Morse also leads in stolen bases, having 18 pirated sacks to his credit. Luss has 13 and Mills 10 while, Stubby Spencer is fourth with 7.

Deacon leads the sacrifice hitters with 8. Allen has five, Dellar and Mills four apiece.

Dretchko, Cox and Gouchee are the only Eskimos with perfect fielding averages. Quigley, Mills and Olsen have each made only one slip-up. Deacon accepted 13 chances for error, only two errors, giving him the excellent mark of .985. Morse has ten errors against him, but look at the chances he has had; 42 P.O. and 84 assists.

If the boys can keep up their present gait, there is no team in the league, the Hat and Calgary not excepted that has anything on them.

## PRACTICE MONDAY NIGHT

The Edmonton Lacrosse Club will hold a practice at Horner's rink on Monday night at 7 o'clock. The following players are requested to turn out: Thomson, Bolander, Oliver, Bill, E. Smart, G. Smart, Smellie, Chapelle, F. Cormack, S. Cormack, Scott, Weaver, Waugh, Crawford, Lillis, Powers and Gordon.

## PACKINGTON BEAT CALLIES B

In a league match last evening, North Edmonton won a close and well contested game from the Callies B by a score of 3 to 2.

**ALF. SMITH AS MANAGER**  
Ottawa, Ont., June 11.—Alf. Smith, the famous ex-hockey and lacrosse star, may succeed Pete Green as manager of the Capital lacrosse team. Smith's name has been mentioned and officers of the club admit that they are negotiating with him. Alf is one of the greatest hockey coaches in the business and it is likely that he would meet with equal success at lacrosse. Green's resignation was received and accepted today. Pete announces that he has not the necessary time to devote to coaching and handling the twelve.

## JIMMA DA JEFF WENT FISHING

Has Sprained Thumb and Will Take Things Easily for a Few Days

Ben Lomond, Cal., June 11.—Once again Jim Jeffries did not live up to his programme and for the fourth time the boxing between him and Corbett was postponed yesterday. An open air ring exactly like the one in which Jeffries and Johnson had received their championship had received five touches. Corbett was on hand and everything was ready except Jeffries, who went fishing and remained away all night. The real reason is Jeffries has been advised not to do any more boxing this week on account of his sprained thumb.

## GRADY PITCHED FINE GAME, BEAT THE ROBINHOODS 3-2

With Errorless Support Jack Would Have Had Shut Out—Both Teams Batted Lightly.

The Eskimos, prospective champions of the Western Canada League, came gaily along on their victorious career. Calgary or Lethbridge, they all look alike to Deacon's Pets, and when we strike the road, it will not be much different. (All right, we touched wood when we said it.)

Last night, by orders of the cruel magnates who drafted the schedule, Bill Davis and his Robin Hood's were compelled to stack up against the locals.

The game was close, but at that Jack Grady should have shut out the visitors, except for an error that let in the Robin Hood's two counters.

Wishing to make the score close, and resting up for the coming trip, the Eskimos contented themselves with four hits, of which three were doubles by Spencer, Cox and Baxter. From this small supply of bingles we got three runs which put the game on Jack.

Jack Grady continued pitching in the form he has displayed, the last times out, we shall have to elevate him to the Hon. class. He is right at the height of his form, his excellent control, and his getting his control down to a nicety. He had the visitors guessing and was only touched up for three scattered safeties.

Bill Luss, was called upon to play third base, owing to Brennan's absence. Luss, in his first game, gave a split thumb. Luss made three errors, but not a person in the crowd raised a murmur as they realized Bill was out of his position. How much better that is, than the crowd which is being handed to the home players in some of the cities on the circuit.

**Moose Jaw Played Well**  
The Robins put up a much faster game of ball than on the preceding night. Brown twisted in good form and had some of our heaviest sticklers hitting "where they ain't." Davis played first in the place of Hurley and both did better in their new positions. Hurley made a couple of errors, which were made in one-handed stabs were much admired.

The visitors' only error was a poor throw to second by Bliss, which let in a run.

The Robins were quickly disposed of in the first. Tripled whiffed and McIntosh was out, Morse to Baxter. Crooked got a life on Luss's error and was neatly caught in an attempted steal.

**We Score First.**  
Pete Morse started off by striking out, and Mills caught the epidemic. Morse was there with the big stick and combed a double. Chesty scored Baxter with a rouser. No. 2, and Luss finished the run.

Hurley commenced the second with a single and was caught at second, by a perfect peg from Stubby. Davis led to Morse, a good guy, away from the short left. Jones got first on an error by Luss and died there as Bill felled to Mills.

**And Still Another**  
Quigley hit what looked like a safe grounder but Triplett made no runs and got runner at first. Spencer coaxed four wide ones as did Deak. Bliss was in centre field for the locals. Bliss threw badly to catch Dretchko and Stubby rapped him. Dretchko pitched and Morse fanned. One run.

Both teams went out 1-2-3 in the third.

**A Costly Overthrow**  
McIntosh, first up, was thrown out at first by Luss. Crocker ripped off a double to left and Hurley was passed off and likewise Davis. With three on the bases, Jones hit to Luss, who pegged high to Spencer, three runs crossing the plate on the overthrow. Bill fanned and Bliss fied to Mills.

Two runs  
Spencer hit over third in the last of the fourth but nothing happened. The fifth was eventless. McIntosh got to first on Morse's error and was promptly captured at second on an attempted Raffles act. After this, the Robins tried no more stealing on the circuit.

**Eskimos Break Tie**  
McIntosh made a beautiful catch on Chesty's long fly to left. Luss relieved free transportation and stole on this play.

Jack Grady pitched quite a few streaks last night.

Dellar or Dretchko will pitch this afternoon. We ought to take three straight from the howly Robins.

When did we lose our last game? Was it last week or the week before?

We only made four hits last evening but three of them were two baggers.

McIntosh got tremendously chummy with Moose in the eighth innings and refused to leave first.

With its present daily attendance, Edmonton is just about the best ball town on the circuit.

"How Baxter batted in," is not the story of Moose's famous home run, but a play being presented in Calgary tonight.

"I expect to win sixty per cent of the games on the road," said Bill Carney. "The team plays well away from home."

Yes, Willie, except in Edmonton.

Lee Samuels, formerly with Edmonton, and more formerly with Lethbridge, has caught on with Moose Jaw. Samuels will win games if this hot weather continues.

Big Dell is practicing a new cross-fire delivery and will win next time out. This is stable information from a man who sleeps in the feed box.

Don't neglect to peruse the averages for the home series, which will be found on this page. Figures are sometimes uninteresting, but these are not.

Jack Grady pitched a splendid game last night and Stubby Spencer supported him in the best of the way. The latter caught three men stealing was far from lackadaisical.

Flaherty is not the worst umpire in the league by any means. His decisions are nearly all correct, which is saying a lot for the umpires in the W. C. L.

The Albertans gaily announce that the Edmonton fans and management are at loggerheads. The Calgary scribe should come up and see the crowds at the games and listen to the rooting. Put away the hop, brother, it will get to you yet.

## SACRIFICE HITS

A Few Thoughts About Things in General, Baseball in Particular, by the Dopester

The eastern clubs are having a very successful trip—not.

Jack Grady pitched quite a few streaks last night.

Dellar or Dretchko will pitch this afternoon. We ought to take three straight from the howly Robins.

## UNITED AIDS FOOTBALL CUP

Competition Will be Keen for this Handsome Trophy Presented by Travis Barker

The beautiful and artistically designed football shield presented by the council of United Aids to the football association for competition is evidently meeting with much appreciation on the part of the football enthusiasts of the city of Edmonton.

The various committees connected with the football association of Edmonton are evidently determined that fitting appreciation and profitable returns shall be extended to the council of aids in recognition for their spontaneous act, and the incentive the football enthusiasts have received through the presentation of this beautiful trophy. It is a distinct work of art and has been viewed by hundreds as it stands in the window of Messrs. Clegg and Case, Jasper avenue E.

Provision has been made for adding to the present adornment with medals and such like recognition the winning clubs may from time to time be the recipient of the action of the council of aids in presenting the shield will do much to enliven and encourage this healthy pastime.

"There is a feeling of undivided confidence that the contests for the trophy will enlist an enthusiasm rarely witnessed in the city. It is expected that the final will attract an enormous concourse of a crowd and the aids expect that they will benefit financially from the receipts.

Already promises of grounds free of charge have been received. The committee in charge embrace representatives from every football association within the city and some of the best known supporters of sport and physical recreation are voluntarily offering their services to make this a unique and unsurpassed effort.

The 'fan' took a good, long pull at his cigar, threw it away, pushed his hat back on his head and said: "It's this way: Days nine regular kicks on both sides, a bunch of colts as is and for sure. One side beats it to the field and spreads to de positions dey is to play. De other side hits de bench and waits der toms wit de club. De guys wot goes to de diamond is pitcher, catcher, 'ree basemen, 'ree fielders 'n' short. Now, when dey's all set de umpire gots dey to de whistle 'fin' an' some bods comes to de plate. If de twirler has anyting, he puts it all over de dub wid de stick, but if he ain't, de guy wot de bats comes across wit a classy wallop an' beats it to bases. In case of no one dere, or better-judging, he beats it on around an' comes home. Dat's a score. But in case he gets stung he is all in, an' dey call him out. 'T'ree outs puts de other side to de field. Bot' sides out is a innin', an' dey's nine innin's in a game. Dey's more to it, but I'm going to heat it while dis show is let de come up Friday an' see de Chants pin it on 'em. So long, old cumb."

The funniest thing is to see Noodles when he is sleepy and someone wants to play with him. He acts just like a spoilt child.—Albertan

T. C. S. beat St. Andrew's College by 14 to 92. Covers for the winners made 16 in each inning. Ferguson made 17 not out and Cassels and Yaz also batted well. Crawford's bowling was a prominent feature.

# KING SENT TO THE GALLOWES

(Continued From Page One)

soned by Mr. P. J. Nolan, K.C., on behalf of the Crown, was completed at yesterday morning's session and two o'clock saw the opening of the argument.

Mr. H. H. Robertson, who has been conducting the case for the defence, addressed the jury first.

In summing up the evidence, Mr. Robertson was particularly severe on Mrs. Parkes and told the jury that he considered her story a fabrication from beginning to end, and that no credence should be given to her story. Her denial of any matrimonial relationship with the prisoner was enough to relieve any weight that might be attached to her testimony. Mr. Robertson proceeded to attack the testimony of the other witnesses for the prosecution and sarcastically handled those witnesses which were gifted with such remarkable eyesight as to be able to see and describe a team of horses, and everything about the surroundings they were handling, at a distance of 250 yards through a snow storm.

In conclusion he stated to the jury that the prosecution had not proved its case and asked for an acquittal for his client.

**Mr. Nolan's Address.**  
Mr. P. J. Nolan, K.C., addressed the jury on behalf of the Crown. He echoed Mr. Robertson's sentiment that the jury should bring in a verdict strictly in accordance with the evidence submitted as their own called for. Then turning to the evidence which the Crown had produced he pointed out its strength. He warned the jury that the prisoner King could not succeed in falsehood while on the stand. Mr. Nolan said that it had been proved conclusively that Hindahl and King had left Parkes' place on a certain date, their intended destination being the farm of Mrs. Parkes. King had admitted this himself. Several farmers had corroborated one another in that they had seen a black team and sleigh travelling south and that within two hours it returned north with only one man.

In regard to King's statement that he had never been in the United States, Mr. Nolan said that that was another example of direct falsehood. The testimony of Mr. Miller of Minnesota showed that "Then," said Mr. Nolan, "if you believe that the prisoner was lying when he said he had never been in the United States, how much credence can you place in his cock-and-hall story of his movements after leaving Strathcona?"

Mr. Nolan then proceeded to read that part of the prisoner's story to pieces and showed its inconsistency, finishing with a request for a verdict of guilty, stating that the evidence submitted demanded such a verdict.

**Judge's Charge.**  
In delivering his charge, Mr. Justice Scott began by thanking the jury for the great patience they had exhibited during the tedious process of evidence-taking. He told the jury that they had to decide two questions before arriving at a verdict of guilty. They were:

1. Had it been proved to satisfaction that the man Joseph Hindahl was not alive?

2. If he was not alive, was the accused, William Oscar King, responsible for his death?

If the jury were satisfied beyond a reasonable doubt that Hindahl died by King's hand then it was their duty to bring in a verdict of guilty. It had been proved beyond the shadow of a doubt that King and Hindahl had left Parkes' together and that that was the last seen of Hindahl. The trail along which they travelled was an unfrequented one only used by farmers living in the immediate neighborhood and that the witness who had seen them pass south had every reason to be curious as to the identity of the strange team. There was no reason to doubt the statements of those witnesses who said that they had seen the same team pass north again within two hours in charge of but one man. He drew attention to the evidence of Ferdinand Lessing, who said that it looked as though there was a sick man inside the sleigh on its return north. This statement he said was identical with the one made by the man O'Donoghue, who was employed at Flood's livery stable in Leduc.

His lordship intimated to the jury that it would be wise to ignore both the evidence of the prisoner and Mrs. Parkes, as it had been demonstrated that both were unreliable. In connection with the evidence of King, the jury if they saw fit might utilize part of it in arriving at a verdict.

In reference to the fur cap which was found on the Eckbert trail, Mr. Justice Scott stated that it had been proven beyond a reasonable doubt that it was Hindahl's cap and that as such was the case, Hindahl must certainly have come to harm, as the

blood on the cap was human blood as Dr. Revell had testified.

In connection with the evidence submitted as to the registration of King at the Waldorf Hotel in Leduc the question of the signature which the prisoner had once admitted as his and had denied on the witness stand showed evidence of the unreliability of the accused's testimony.

At today's session of the assizes, the case against Frank Evangelist for criminal libel will likely be continued.

## GRAND MEMORIAL TO ABE LINCOLN

Association Plans Road, Two Hundred Miles, Washington to Gettysburg, Pa.

New York, June 11.—The Lincoln Memorial Association, formed to promote the construction by the federal government of a memorial road to Abraham Lincoln from Washington to Gettysburg, Pa., has been organized today. Truman Newberry, of Detroit, former secretary of the navy, was elected president.

Those forming the association believe that the national memorial to Lincoln should be paid for entirely by the national government.

The road is planned to be about 72 miles long and about 200 feet wide. The estimated cost is \$2,500,000.

## MAY HOLD A BIG AEROPLANE RACE

Project Is Now on Foot to Have Race from Ottawa to Montreal

Ottawa, June 11.—There is talk about an aerial trip from Montreal to Ottawa and return during the big aviation week meet there. The suggestion is to offer a big prize for the man who makes the trip; takes his aeroplane or aerodrome round the Parliament Buildings here, and returns to Montreal without alighting.

The distance would be 240 miles all told, and although there seems to be nothing impossible in such a feat—after what Curtiss recently accomplished—there are a good many doubters here as to whether any such "stunt" will be witnessed on Parliament Hill this summer.

## IT IS TO LAUGH

Knew His Man

"Oh, no; I don't claim to be any different or any brighter than the balance of mankind. I expect I shall marry some fool woman some of these days."

"If you ever marry that's the kind of a woman you will marry, all right."—Rochester Union.

## CATHOLICS APPEAL TO GOVERNMENT

Italy Cabinet Is Asked to Assure Them From Exercise of Their Religion

Rome, June 11.—A delegation from the Roman Catholic Association have had an audience with Premier Luzzatti and asked the government's protection in the free exercise of the religion, which they declared was threatened by the anti-clericals. They warned the Prime Minister that if protection was refused them they would defend their own rights.

Signor Luzzatti gave formal assurance that religious liberty would be safeguarded. The Prefect of Police and two Roman Catholic members of the Chamber of Deputies were present at the audience. Meanwhile the anti-clerical feeling is very strong.

## WHITE PRIMROSE NEW STYLE POPPY

These Are the Latest Creations of Luther Burbank of California

San Francisco, Cal., June 11.—Luther Burbank announces the perfection of two new flowers—a poppy and a white evening primrose. His new creations will be extensively reproduced, he says, at a ranch he recently purchased at Lompoc, Santa Barbara county.

"I have been working on them for several years," Mr. Burbank said last night. "The poppy is a combination of the shirley, the tulip poppy, and a species found in the mountains of North Africa."

"It is larger and of a brighter hue than any of them, and offers a combination of new shades. The primrose is white and five inches in diameter."

## DOGS OF OTHER TIMES

Swiss naturalists have recently presented to the Helvetic Society of Natural Science the results of their studies of the remains of dogs found among the ancient lake dwellings of Switzerland, the earliest of which date from the Age of Stone. It has been found that three different races of dogs existed there at that time, one of which resembled the Siberian sled dog. Later, when the Age of Bronze dawned upon the Alps two new species appeared, one being a shepherd and the other a hunting dog. All of these dogs were of northern origin, the canine types of the Mediterranean lands not having crossed the Alps—Philadelphia Record.

We have just received another shipment of Ganong's chocolate, absolutely fresh. Edmonton Drug Co.

## Too Lavish

Mrs. Dobbs was trying to find out the likes and dislikes of her new boarder, and all she learned increased her satisfaction.

"Do you want pie for breakfast?" she asked.

"No, I thank you," said the new boarder, with a smile. "Pie for breakfast seems a little too much."

"That's just the way I look at it," said Mrs. Dobbs, heartily. "I say pie for dinner is a necessity, and pie for supper gives a kind of finishing touch to the day; but pie for breakfast is what I call putting on airs."—Youth's Companion.

## "BACK AMONG THE OLD FOLKS"

Song by H. Hahn, well known trained Baritone

Swell Dresser knows his business; he dresses right.

DID YOU EVER have a suit or overcoat to ride your neck? Our clothes are especially tailored for us by the highest paid cutter in Canada, and fit as well as cloth is looked after in our store. And besides the good fit we have the prices to suit.

We have some nice greys at \$15.00 and \$16.50, better ones at \$20.00 and \$25.00.

You need not take because you look nor keep because you buy, at

**THE BOSTON STORE** 291 Jasper East

What He Wanted

"Show me some tias, please. I want order for my wife." "Yes, sir. About what price?" "Well, as such a price that I can say: 'Do you see that woman with the tias? She is my wife.'"—Flegende Blatter.

"I tell you, I must have some money!" roared the King of Maritania, who was in sore financial straits. "Somebody will have to cough up." "Alas!" said the guardian of the treasury, who was formerly the court jester, "all our coffers are empty!"

# Great Piano Contest

## OPEN TO ALL

### \$175.00 Phonola Free

#### A LITTLE EFFORT SECURES THIS BEAUTIFUL PRIZE — DO IT NOW.

FIRST PRIZE

\$175 PHONO LA

For the nearest correct answer we will give absolutely free, a \$175.00 Phonola. A large number of prizes will be awarded in order of merit by the judges, whose decision will be final. For each correct answer, a bond for \$125.00 will be given. For each error made, \$25.00 will be deducted, and for more than three errors, a bond for \$10.00 will be given. These bonds will be applied only on the purchase price of any new piano in our stock. Every person who sends an answer will be notified by mail. OUR ONE PRICE SYSTEM PROTECTS THE BUYER, and enables him to purchase an instrument at the lowest possible price. We are to-day, the largest dealers in piano in Western Canada, and the reputation of this house is absolute proof that this contest will be carried out exactly as advertised.

After you have the correct reading, the sentence may be drawn in a scroll with pen and ink, or worked with a needle in silk, or painted with a brush etc., or in any way in keeping with the fine qualities characteristic of the New Art Bell. Any further information may be had by ringing telephone 1517, or by calling in person at our store. This contest will close Saturday June 18th at 9.30 p.m. Replies must reach our store by that time.

## REAL NOISE-MAKERS

(By R. M. McCabe)

George Washington did quite a thing  
When he crossed the Delaware,  
"Mid ice and waves; it was, by jing!  
Enough to raise one's hair.

A stunt like that requires nerve—  
I'm sure took quite a bit;  
But he has a fourth one, say,  
That slams a two-hits bit.

Oh, Nap, he's too put on some plays,  
That make the whole world show;  
His name on his try's pages stays,  
It can't be blotted out.

But then, he had an easy time,  
Compared to that gay one  
Who with all three bases full,  
Smashed out a clean home run.

And Roosevelt, too, got quite a rep,  
For smashing noted scrappers;  
To that whole gang he sure was  
He—  
He liked to hit the yappers.

But, then, that was a pud for him,  
So he didn't get the scores;  
That the pitcher does who easy fans  
The better of the team.

So the fellows who win in this game  
Of life  
Are the fellows who swing the  
twig;  
The fellows who pitch, or run or  
catch,  
Are the fellows whose names loom  
big.

THE CLOWNS  
OF BASEBALLSome Stories of Rube Waddell  
and Bug Raymond—They  
Love Liquor

(By C. E. Van Loan)

New York, June 11.—In the race  
for distinction as the most eccentric,  
erratic and daffy pitcher in the big  
league, Bugs Raymond is leading by  
an elbow over our old friend G. Mc-  
Graw Waddell, known to fans and a  
portion of Missouri as Ed.

The battle between G. McGraw and  
the Bug has been a close one. For  
many moons Waddell held the belt  
for eccentricity. If he had not been  
a powerful pitcher, he would  
have been charged to the minor  
leagues ago, but he is like Waddell  
so rare that they must be re-  
served to the game.

We all remember the sorrows of  
Oscar Hammarsten and the many  
tribulations forced upon him by his  
singers, particularly the women. A  
woman with a wonderful voice can  
get away with anything short of mur-  
der in the first degree by using it  
upon her artistic temperament, which  
is an ornamental name for plain, un-  
adorned meanness, selfishness and  
petty spite.

If a soprano got jealous of an-  
other woman and took up her com-  
plaint, refused to sing her roles and  
played smash generally she could  
blame it upon her artistic tempera-

ment and all was forgiven.

What a shame the Rube never  
heard about that artistic tempera-  
ment thing. It was I have been such  
a steady abbi for him.

Waddell stuck in the line right by  
virtue of his ability to throw a ball  
like a streak of lightning and throw  
it twice or three times in the same  
place, viz. over the Goodyear. In  
bug his marvellous performances  
the Rube established himself as a  
bartender, a side show Barker, an  
actor, a sidewalk comedian, a rough-  
and-umble batter and a very com-  
petent vessel for mixed liquors. He  
enjoyed the proud eminence of sup-  
reme bug of the major leagues and  
everything was lovely until Bugs  
Raymond happened along.

Bugs went the Rube one better.  
Waddell in his pinkest days never  
had a special keeper engaged by the  
management to take him gently but  
firmly by the elbow and steer him  
away from temptation.

You are heard of a chorus girl  
with an overdose of the artistic tem-  
perament. A chorus lady who devel-  
ops tantrums is fired immediately.  
You never heard of an eccentric ball  
player who was not a good one, a  
bad ball player would be sent back  
to herd with the cows and coax the  
potatoes out of the ground with a  
hoe.

Rube and the Bug are good play-  
ers. Raymond almost drove Mc-  
Graw to despair last season, for the  
chubby manager realized what an ex-  
cellent pitcher Bugs really was and  
tried to save him for the hard finish  
of the season. McGraw even went  
so far as to try physical persuasion  
upon the big but erratic souse paw  
upon the ground that a swift wallop  
on the nose is sometimes better than  
a team of argument.

McGraw tried to keep money out  
of Raymond's hands, figuring that if  
he never had a cent he would be forced  
to keep his nose dry. No use.  
Bugs had too many friends. His ad-  
mirers were ready to purchase even if  
Bugs had to look up in the air when  
it came his turn to deliver orders to  
the gate in the apron.

Turn him loose on a desert tale,  
said one of the players referring to  
Raymond, "and inside of an hour he  
will turn up with a flask in his hip.  
How he does it, I don't know."

I guess he just charms that liquor."  
Unfortunately, George Edward  
must retire from the competition.  
Boston is his hoodoo town. By reason  
of matrimonial troubles Rube was  
forced to cut Boston off his pitching  
list and just as the clouds cleared  
away, bing! on the elbow with a red  
hot liner, and out goes the Rube with  
a broken nose.

At the end of last season nobody  
believed that McGraw would make  
another effort to reform the thirty  
Raymond. It was thought that in  
spite of the fact that Bugs won 600  
per cent. of his games he would get  
the gate, but McGraw is willing to  
try it again on the grounds that a  
pitcher of Raymond's class is worth  
saving at any cost. McGraw is will-  
ing to gamble. Should he fail to  
straighten out the big spitballer, ev-  
erybody will say "old yea three  
wasn't any use." On the other hand,  
should the private keeper keep Bugs  
away from the disturbance water and  
his pitching be up to the usual stan-  
dard, everyone will say that McGraw  
showed excellent judgment in hang-  
ing on to his souse through thick  
and thin.

An erratic player is a hard rival  
on a team. The men behind him never  
know when he is going to blow  
up and they are kept on a strain  
whenever the eccentric one works.

When Bugs goes into the box in  
good condition, his head clear and  
his muscles hardened by work, he  
pitches good enough baseball for  
any man's club. His keeper has him  
steering away from the gin mills for  
some time—touch wood everybody—  
and at last accounts McGraw was  
hopeful that the problem had been  
solved.

They say that the ever loving Rube  
is consumed with jealousy because  
Bugs has a keeper. A man with a  
broken wing doesn't really need a  
keeper.

BLUE RIBBON  
OF THE AIRCanadians Will Enter in International  
Aviation Meet at  
Long Island

MCCURDY AND BALDWIN

They Are Convinced That They  
Have as Good a Machine  
as Anybody

Montreal, June 11.—There is good  
reason to believe that Canada will  
take her place this year with the  
other nations in the annual interna-  
tional aviation meet, and will be re-  
presented with an entry who is be-  
lieved has just as good a show as  
anyone of winning the "blue ribbon"  
of the air.

The "blue ribbon" is the Bennett  
trophy, presented by James Gordon  
Bennett, and is awarded in a contest  
of speed and endurance; that is, the  
race is over a definite course, and the  
first man gets the trophy, which is  
accompanied by cash of about \$100.  
Last year the trophy was won in  
France by Glen Curtiss, whose flight  
down the Hudson the other day is  
fresh in the public mind. Last year  
was the first time it was won by an  
American, and thereby under the  
terms of the competition, the trophy  
must this year be competed for in  
America. The meet has been ar-  
ranged for Long Island in Septem-  
ber. There are entries from America,  
France, England, Germany, in fact  
every nation with aeroplane experi-  
menters, and now the prospects are  
good that Canada also will be re-  
presented.

Mr. Douglas McCurdy and Mr.  
"Casey" Baldwin, who have been ex-  
perimenting at Baddeck, N. S., will  
represent Canada. They had no desire  
to enter the competition until their  
experiments had convinced them of  
the efficiency of their machine, and  
their ability to handle it, but their  
experiments of the past few months,  
in which eminently successful flights  
have been made, have convinced them  
that they have as good a machine as  
anybody, and that with even luck  
they will have as good a chance as  
anyone to win the race.

The McCurdy-Baldwin machine  
and methods are along the same line  
as those of Curtiss, with whom they  
formerly worked as associates at  
Hammondsport, N.Y. When they  
separated Curtiss remained in the  
United States and McCurdy and Baldwin  
returned to their native land.

It is understood that a patriotic  
capitalist in Montreal has expressed a  
desire that Canada should be repre-  
sented at the meet in New York in  
September and that his support en-  
sures the Canadian aviators a place in  
the race.

Besides the Bennett trophy there  
will be a number of other prizes to  
be competed for.

## THE SONNET OF AN ORION

Between the liver and the bacon fried,  
A shallop floating on a gravelled sea,  
As graceful as the sea anemone,  
And fragrant as the rose of summer-  
tide.  
O succulent esculent, so true and  
tried,  
Thy beauty takes my breath away,  
To me  
Thou art a languorous odor sym-  
phony,  
With thee my tears fall—tears of joy  
and pride!

When the reit queen beside the The-  
ban wave  
Mourning her slain ones held thee  
in her hand,  
Then flowed woes' saline tide un-  
stemmed by years,  
So weak, yet strong; so modest, yet  
so brave,  
Noble of the truck farm's sprout-  
ing band,  
I press thee to my lips, and  
hence these tears.

—New York Sun

NO ONE TO BE  
DISAPPOINTED

Owing to the delays in the mails hundreds of  
applications for shares did not reach the execu-  
tive office until too late. Closing out date to  
be extended until July 16th.

## COALINGA-EUREKA OIL CO. (Inc.)

From the volume of applications which have arrived at our office  
several days after the closing out date, May 28th, for shares in this  
Company at 25 cents per share, the executive body met and decided  
that it would be to the best interest of all concerned to fill these de-  
layed orders and extend the same privilege to those at a distance,  
who could not see the advertisement, owing to lateness in issue of  
paper, in time to enable them to wire their order here by the closing  
out date, May 28th.

This is, therefore, a final opportunity for you to secure a block  
of stock in the Coalinga-Eureka Oil Company at 25 cents per share.  
No application received for less than 100 shares.

You must have in mind, however, that no further extensions will  
be granted. Under no consideration will there be shares offered for  
sale by the Company, after July 16th, at less than FIFTY CENTS  
per share. Do not delay, therefore, since the block to be sold at 25  
cents is limited.

Since the last advertising announcement appeared in this paper,  
several new wells have come in with large volumes of oil in the  
Coalinga oil fields.

Shrewd, far-seeing investors, capitalists from all portions of the  
world are thronging to Coalinga, the greatest oil fields in the uni-  
verse, until the district has become a veritable beehive of men,  
young and old, anxious to take advantage of this great opportunity  
of making a maximum amount of money at the minimum of invest-  
ment.

The oil fields of Coalinga are richer than the gold fields of the  
Yukon ever were. Do you know that if you had invested \$100 at the  
inception of the following companies, you would have made:

Silver Tip .....	\$ 600
W. K. ....	1,000
Sterling .....	1,000
Premier .....	1,100
Monte Cristo .....	1,120
Record .....	2,000
S. F. & McK. ....	2,400
Sauerdough .....	4,166
Lucile .....	5,000
San Joaquin .....	5,700
Peerless .....	6,350
Kern River .....	9,500
Central Oil .....	15,000

"Final" shares sold at 25 cents, they are now selling at \$25 and  
paying monthly dividends of 15 per cent., an income of \$60 per  
month on an investment of \$100. When the "Silver Tip" came in, the  
stock jumped over night from 66 cents to \$4 and has been paying  
monthly dividends of 10 per cent. ever since.

Similar opportunities are open to you, but you must think for  
yourself, have the courage of your convictions and act.

Development work is being rushed forward on Well No. 1 of  
this property, with the result that within a few weeks' time the drill  
should be down to the oil levels, and the Coalinga-Eureka Oil Com-  
pany's property should be one of the biggest and most profitable  
propositions operating in the Coalinga fields.

The property is especially well situated, being adjacent to the  
largest producing properties in the Coalinga field. This means that  
our property must be immediately above the great oil pools.

For 25 cents you are able to acquire \$100 shares. The shares  
are non-assessable. When you have paid 25 cents per share you re-  
ceive your certificate. No further demands can be made upon you.

The smallest block of stock is 100 shares, on which the terms  
are as follows:

## What your Money will Buy

Cash Plan (5 per cent. deducted)

\$ 23.75 will buy 100 shares .....	Par value \$100
47.50 will buy 200 shares .....	Par value \$200
118.75 will buy 500 shares .....	Par value \$500
237.50 will buy 1,000 shares .....	Par value \$1,000

## Instalment Plan

\$ 10 cash and \$ 7.50 a month for 2 months buys 100 shares	
20 cash and \$15.00 a month for 2 months buys 200 shares	
30 cash and \$22.50 a month for 2 months buys 300 shares	
40 cash and \$30.00 a month for 2 months buys 400 shares	
50 cash and \$37.50 a month for 2 months buys 500 shares	
700 cash and \$75.00 a month for 2 months buys 1000 shares	

Prospectus and fuller information will be furnished on applica-  
tion.

In conclusion, reservation will be made in the order received,  
therefore, make your reservation at once, remitting for stock by  
cheque, draft or money order.

Make all cheques, drafts and money orders payable to G. L.  
Taschereau, Trustee.

### About Town

In a city Baseball League game last evening, the Y. M. C. A. defeated the Irish-Canadians by 6 to 3.

An anniversary social, celebrating the foundation of the Synagogue Church, will be held at the church at 8 p. m. on Monday.

Rev. J. E. Dacles will preach at both the morning and evening services in Erskine Presbyterian Church tomorrow. The subject in the evening will be: "Acting with Divine Approval."

The annual convention of the synod of the diocese of Calgary of the Anglican Church will be held in Calgary next week, beginning on Tuesday and concluding on Friday. Routine business will be transacted.

Mr. Alec Marshall, evangelist from Glasgow, Scotland, author of "God's Way of Salvation," will preach on Sunday night, June 12th, at 7 o'clock at the Gospel Hall, 226 McDougall avenue. Seats are free. No collection. Everybody invited.

The firm of Scott Bros., selling computing scales, billiard tables, etc., have moved from 600 First street into their new quarters at 236 Jasper West. This enterprising firm have increased their business to such an extent that they have had to move into these large new quarters to handle it.

Mrs. James McBride, sister of Thomas R. Turnbull, secretary of the United Aids, died in the General Hospital yesterday afternoon at 4:30 o'clock. The funeral will take place today at 4 o'clock from Andrew's undertaking parlors. Dr. Hunter will take the service, which will be at 3:30.

The death occurred in Vancouver yesterday of F. X. Martin, father of H. Martin, who left for the coast a few days ago in response to an urgent telegram. Mr. Martin was an old and prominent citizen of Edmonton and had many friends in Edmonton, where he spent some of his days at the time of his son's wedding a few years ago.

A movement is on foot to form a bank company in connection with the 101st Regiment, and in connection with the same a meeting of all interested is to be held at the Traders Bank on Monday evening, June 13th, at 8 p.m. Similar companies are now in existence in several of the eastern cities, and it is to be hoped that no difficulty will be experienced in forming such a company here. The training is a splendid one, and especially beneficial to those whose work confines them to an office, and it is hoped that the Edmonton bank men will all help to make the proposed company a success in every way.

Marriage Licenses issued. Jackson Bros., Jewellers.

A mule might kick, but if you get an outfit from **HORNER'S LIVERY** there will be nothing but pleasure for you. Phone 1234.

## THE Big 30 Days Sale

... is nearly over. ...

of 8% of Commerce

**WM. SUGARMAN**

Where the Good  
Clothes  
Come From

### Personal

F. Depass and C. F. Lyall of Strome are spending some days in town.

C. H. Chapman, formerly of the bank of Commerce staff, has entered the law offices of Moore & Durie at Red Deer as a student.

Among yesterday's visitors to Edmonton were R. L. Shaw, M.P.P., Stettler; W. F. Puffer, M.P.P., LaCombe; J. E. Stauffer, M.P.P., Didsbury; and F. A. Walker, M.P.P., Ft. Saskatchewan.

### NEW AGREEMENT REGARDING TRADE

(Continued from Page One.)

commercial agreement, was also handed out by the finance department. After noting that in the present arrangement no new treaty or rates are established, but the existing intermediate rates, as they appear in the French treaty, are granted to Belgium, to the Netherlands and to a limited extent to Italy. He says, in the case of Belgium that this country has always dealt very fairly with Canada, that its tariff is now a very low one and, therefore, it was decided to extend to France, except in case where these to Belgium the rates already granted latter were lower than the intermediate tariff rates. Anything lower than the intermediate tariff rates could only be given by special legislation. Belgium, however, is not particularly interested in these special low rates given to France. Similar conditions applied in the case of the Netherlands.

In respect to Italian agreement, Mr. Fielding says, "We have no treaty with Italy, but we are asked by the Italian government to enter into negotiations for the making of one. Italy has a general and conventional tariff and some Italian rates are much higher than those of Belgium and Netherlands."

"The formalities necessary for the making of regular treaties between the two countries, therefore, occupy some time. It has been deemed desirable for the cultivation of good relations between Italy and Canada that temporarily an agreement be made giving to Italy the intermediate tariff rates on a list of articles in which Italy is interested. Canada receiving in return the Italian conventional tariff rates on a list of Canadian products."

"Our trade with Italy is not extensive, but it is worth cultivation and the present arrangement will probably lead to a broader agreement in the future."

### AT THE EMPIRE

Every indication points to a large advance sale of seats for the three nights' engagement of the Eckhardt Theatre company at the Empire theatre commencing Thursday night. "Brown's In Town" will be the first night's offering and will be given a brilliant performance. The star Miss Josephine Deffy, will be supported by a capable company—Oliver J. Eckhardt, White Bradley, Miss Georgia Nichols and F. F. Hawkins—those names brilliant in many a cast of the regular season, at high-priced city theatres will be in the play bills Thursday, Friday and Saturday nights. The stage scenery, together with the finished and artistic work of the company will make the three performances the most interesting of the season. A new play will be given each night.

### STILL AFTER CANNON.

Washington, D.C. June 11.—When Jos. Cannon goes home to Danville, Ill., at the adjournment of the House it is entirely within the range of possibility he will go as "Former Speaker Cannon." The insurance members who sit under Uncle Joe are maturing plans for another onslaught upon the aged Danville. A resolution to depose him has already been drawn and is awaiting the psychological moment. At the adjournment of the House was the Norris resolution for the reform of the rules committee. The resolution is in the pocket of Representative Haggart, of Iowa.

### The Day in Strathcona

Wm. Yale with his company of players appeared in the opera house last evening.

Services will also be held in Waverley at 3 and 4:15. Sunday school at 3 and preaching service at 4:15.

The annual drill camp will be held in Calgary commencing on the 13th. The men leave here on Monday morning early.

The Court of Revision is to be held on Tuesday, June 14th, at 10. All those who have any fault to find with their assessment should have their complaints in before that time.

Rev. H. A. McGill will conduct services in the Baptist Church on Sunday. The morning subject will be "Christian Soldiers"; evening, "The Passionate Pilgrim: Rush."

The first band concert of the season was given last evening by the city band. It was enjoyed by a large number of citizens who thronged Whyte avenue. These open-air concerts will be given twice a week, probably Tuesdays and Fridays. The concerts proved a great boon last year and the citizens showed their appreciation in turning out in crowds last evening.

Whirlwinds—Parsons p. Richards c. Ferring 10, Ashbaugh 20, Ue Train 20, Murphy 35, Crumb 10, Parsons 10, Bender 10.

Cyclones—Hunnefont p. Main c. Graham 10, Sampson 20, Morris 30, Joyce 35, Hay c. Toombs 10, Forsythe 10.

Empire, C. Stout.

The game between Strathcona and Leduc will be played on Wednesday night instead of Monday. On Monday night the football boys play the Cillies of Edmonton here.

Cyclones 17, Whirlwinds 6. The Cyclones sprang a surprise on their opponents, the Whirlwinds, in the shape of a dark horse pitcher. He proved to be the find of the season and held his opponents safe until the last innings, when some heavy hitting combined with errors made three scores for the Whirlwinds. The Whirlwinds' pitcher was his hard and the combined poor support allowed the score to mount up. The features of the game were home runs by Murphy and Forsythe. The game was full of excitement and the fielding was good and snappy, apart from the weak spots.

### COLORS PRESENTED TO MOUNTED RIFLES

Presentation Made on Behalf of  
Daughters of the Empire by  
Mrs. Hyndman

At eight o'clock last night the Alberta Mounted Rifles formed up in front of the Armoury and marched to the grounds of Mr. Shore's house on Eighth street, where the Beaver House Chapter of the Daughters of the Empire presented the A.M.R.'s and the cadet corps with colors. The verandah and grounds were crowded with spectators and members of the Beaver House Chapter, and presented an animated appearance.

Mrs. Hyndman presented the colors and in a few well chosen words said that the Daughters of the Empire had not the outward display that they had, but that they experienced just the same hard struggle against materialism, which kills patriotism, as the militia did.

Col. Belcher thanked the Beaver House Chapter in a short speech and drew attention to the good work that was being done by the Daughters of the Empire all over the country.

### TO BE SOLD

SEVEN-ROOMED BUNGALOW in Grant Estate on 50 foot lot; small payment down, balance \$28.00 per month.—Apply, Box 12, Daily Capital.

### JEFF BOXES CORBETT

Ben Lomond, June 11.—The verdict of J. J. Jeffries' camp followers after watching the bout yesterday between Jeffries and Corbett is that Jeffries has worked up an impressive defence against Johnson's famous upstart. Ever since coming to camp Corbett has been studying and practicing the black man's murderous jab which has done so much in bringing victory to the negro and today he bored a hole in Jeffries' defence with Jack Redmond's blows. The big fighter took all before they landed.

### AD. WOLGAST WAS AGAIN WINNER

Milwaukee, June 11.—Ad Wolgast's first fight last night since he took the championship from Blatting Nelson on February 22nd was a failure and the champion fractured his left arm. He fought ten rounds with Jack Redmond of Milwaukee in the same ring where he got his start for the championship. In the fourth round Wolgast injured his left arm on one of Redmond's elbows and in the seventh snapped the bone in the forearm about three inches above the wrist. Up to the time of this mishap he had a good lead but he did not work fast only when occasion demanded. From then to the finish he was almost helpless and if Redmond had any steam he could have knocked Wolgast out. The newspaper decision gave the fight to Wolgast because of his lead in the earlier rounds.

### KETCHELL WON FROM JIM SMITH

New York, June 11.—Stanley Ketchell knocked out Jim Smith last night in the 5th round at the National Club. It was rough going all way. Both men were guilty of holding. Smith was about eight pounds heavier. Somewhat surprised, he showed nothing of a novice's diffidence and went right after his man from the tap of the bell. In the fifth round Ketchell played for the body. Smith was getting slower and slower many swings. His fall throughout the fight was in not judging the distance. Ketchell forced his man to the ropes. As they broke at the referee's command and took the centre of the ring, Ketchell saw his chance. Smith was trying to come to a clinch, but Ketchell met him with a hard right swing. Down went Smith and he was squirming on the floor when Ketchell vaulted over the ropes. Ketchell was never in distress although at the opening he seemed powerless. Smith made a game fight, but was outclassed. On July and Ketchell meets Sam Langford at Richmond, Cal.

### MR. MANN HAS FINE PLANS

(Continued from Page 1.)

thoughtful look in his eye, "we've got a great place here, and we'll make the most of it."

Line to the Coast.  
Referring to the main line through to the coast, Mr. Mann stated that construction from the Vancouver end is to commence at once. "Tend for the first part of the road will be called for from Toronto, to be in by the fifth of the month. The hundred miles would be completed this year from the west end, but he could not say just how long it would be built from Edmonton west. Work was to be rushed, however.

Just before his train pulled out, Mr. Mann remarked that owing to the extensive work of construction that is being carried on in Alberta and British Columbia by his company, he would be a more frequent visitor to the West than he had been in the past.

### MANY FAULTS IN FIRST ST. LIFT

Commissioner of Works and City Engineer Present Report on Investigation They Made

Commissioner Bouillon and City Engineer, Latornell, who made an inspection of the hoist at the foot of First street, found many defects in it, and in their report on the matter make special reference to the following points, which they consider need immediate attention:

Removal of all grease, oil and dirt from the walls and floors of the engine room and machinery spaces. The conditions existing there are deemed to be extremely hazardous as a fire risk.

The passengers are not adequately safeguarded on the cars or the approaches thereto.

The hoisting rope is allowed to chafe on metal blocks or staples under the cars.

The car structures themselves have damaged parts and also loose parts and should be overhauled and repaired.

One of the most serious items found is the condition of the retaining walls on each side of incline. These walls are deemed unsafe for another year and either adequate repairs or reconstruction of the walls should be required before next spring.

The committee say that they do not understand that the municipality is in any sense responsible for the operation of said lift, but deem it essential that the owners or operators should be notified of the above purely as a matter of information for their guidance, they being liable and responsible for any consequences of failure to provide the fullest protection from damage or injury to life and property in their operation.

### ARE PREPARING FOR ELECTION

Conservatives of East Edmonton  
Meet to Lay Plans for Their  
Organization

Conservatives of Edmonton living east of First street held a meeting last night at which plans were laid to get the organization in shape for a provincial election. At the close of the meeting the names of forty or fifty electors were taken down in preparation for the compiling of the voters' lists.

"The will of the people has been outraged," said Mr. J. B. Morgan, one of the speakers of the evening. "The powers that be are playing with loaded dice and we are not being given a square shake."

C. McCall thought that Ottawa was having too much to do in the matters of the province. Mr. McCall thought that the Conservatives and the insurgents would unite when the next election met and then in the next elections the Conservatives would be returned to power.

Speeches were also delivered by A. E. Potter, W. H. Morris, and J. D. Hyndman.
